

Dear All,

I am writing to recommend Irit Greenberg, with whom I have had the pleasure of collaborating on our new Hi-Tec office in Herzliya. She was selected to design our offices for this critical project, following a thorough evaluation of several architectural firms.

Irit impressed me with her exceptional creativity and technical expertise. Her ability to translate our vision into practical design solutions was remarkable. Throughout the project, Irit demonstrated strong leadership and a deep understanding of architectural principles, ensuring that every detail was meticulously planned and executed.

I was particularly impressed by her professionalism and dedication to delivering results that exceeded our expectations. She consistently met deadlines and effectively communicated with our team, ensuring a smooth workflow and timely completion of milestones.

I highly recommend Irit without hesitation. She is a talented architect who brings creativity, expertise, and professionalism to every project.

It has been a pleasure working with Irit, and I look forward to the opportunity to collaborate again in the future.

Best regards,

Tami Shafir
